### Boisali Biswas

Boisali Biswas is a studio artist working in mixed-media fibers, born and brought up in India. Her formative undergraduate years were spent at Visva-Bharati University, founded by Rabindranath Tagore at Shantiniketan. The essence of that profound experience has stayed with her throughout her educational journey and continues to influence her work. She completed her MFA at Bowling Green State University. Living in this country for over 30 years and adapting to Western styles and inspirations in concert with her background, has made her art into a cauldron of multicultural assemblages that are unique and a feast for the eyes.

#### Day Presentation: My Journey as a Fiber Artist

Boisali will describe her journey from an eclectic school in India where nature and every form of art was entwined in the way of

life. That experience had a significant impact on her life and art. She has experimented with various techniques within the fiber medium combining her love of weaving and surface designing with fabrics.

#### Evening Presentation: Materials and Techniques

Boisali loves to upcycle throwaway objects and give them a new life. She rarely goes out to

buy materials unless she absolutely needs something and tries to conceive her work based on what is available in her studio. She will describe how she chooses materials and explain her techniques. She will show us her mixed media and functional weaving including wearables that she has created. She will highlight her process from choosing materials to the gorgeous, finished work.

### Holiday Celebration and Ornament Exchange

**The celebration starts with food -- of course!**

- All are invited to contribute a ready to serve and easily shared food item - along with any utensils required for serving
- Pack in your own dinnerware, utensils and napkins to reduce waste

#### Program - Jane McAtee - Estate Planning for Crafters

HGB Board Member and retired attorney Jane McAtee will share a brief presentation on best practices for making sure your tools and stash do not end up at Goodwill, or worse in the dumpster.

#### Ornament Exchange - A White Elephant Tradition

The HGB holiday white elephant is a handmade fiber art related ornament exchange, each participant brings one wrapped handmade fiber related ornament to the Holiday Celebration.

Once everyone is assembled, each person will draw a number. The person with number "1" chooses an ornament to unwrap. The person with number "2" has a choice: They may choose a new, wrapped ornament, or they may take the unwrapped ornament from the first person. If they take the ornament from the first person, that person chooses another ornament to unwrap. The person with the number "3" may choose any previously unwrapped ornament or a new, still wrapped ornament. The game continues until all ornaments have been unwrapped and everyone has a gift.

*The handmade fiber related ornament may be created by the member or acquired by other means.*

The ornament exchange is a long-standing tradition leading to many laughs and a few quick steals! Come join in the fun -- or watch the commotion! The choice is yours! Good Holiday to All!

*This year, the Ornament Exchange will occur at both the Day and Evening Meetings (participation is optional but lots of fun!)*

## President's Message

Dear HGB Members and Friends,

I know from your smiling faces that it was good to be back in person at the September and October Guild meetings. Hearing the speakers and seeing their work was terrific and something we've all missed over the past couple of years. Show & Tell was wonderful, as was getting into the HGB Library. So glad so many of you made it back to Mountain View Methodist Church to be together for a morning or evening or both. We'll be back at the Church in December for a holiday gathering and I hope you will come.

Something special is happening at this year's HGB Fiber Art Show & Sale.... as we honor our member, Helen Davis, for her encouragement and support of the fiber arts, we have a record breaking number of artists and pieces in the Juried Showcase. Please save the date for the Members Reception at the Fairgrounds on Tuesday, November 1, 6-8pm. It will be a grand evening of admiring the Showcase and shopping the sale. And we'll all enjoy being together.

Happy weaving and making,

– Amy Mundinger, 2021-2023 President

## HGB General Business Meeting Monday, September 12, 2022

The meeting was called to Order by Heide Murray, Member-at-Large, at 9:35 am.

1. Heide read the following proposed non-discrimination clause update to the HGB By-Laws, Article IV, Section 1:
2. "Membership of the Guild shall be open to persons in sympathy with, interested in, or actively engaged in the art of handweaving and related arts/crafts. There shall be no discrimination on the basis of sex, age, ability, race, ethnicity, color, ancestry, genetic information, national origin, native language, religion, creed, gender, gender identity, gender expression, sexual orientation, transgender status, marital status, veteran status, military status, political service, affiliation or disability."

The membership were advised that there would be a vote on the above proposed clause at the October membership meeting.

The Treasurer presented the 2022-2023 budget and the membership were advised that there would be a vote on the budget at the October meeting.

Meeting adjourned 10:15 am

## Evening Chair Message

October brought another great evening meeting! Many wonderful items were passed around in the Show & Tell, and Bobbie Irwin's stories of learning to make twined rugs were really engrossing.

Our November meeting will be on zoom, so we won't be back in person again till December. Be sure to be thinking ahead for that one, when we will have our holiday potluck dinner, followed by an exchange of handmade ornaments. If you don't think you'll be able to make one by then, remember that there will be a great selection of ornaments for purchase at our upcoming Show & Sale.

We have an email list for the evening group, which occasionally comes in handy. If you would like to be included in this list, please email me at [eveningchair@handweaversofboulder.org](mailto:eveningchair@handweaversofboulder.org) to let me know. If you received an email from my personal address before September's meeting, then you are already on it. As far as the collaborative challenge that we began three years ago, I am starting to gather some of the projects. So if you were participating in that challenge, continue to keep an eye out for your project, and we'll hope to gather enough of them to bring it to a conclusion. In the meantime, I presented the idea of a somewhat less ambitious challenge for this year to make yourself a nametag. I think we'll shoot for April to complete that.

Looking forward to seeing you next month on zoom for Boisali Biswas!

– Joanne George, 2022-2023 Evening Chair

## HGB Study Groups

First Monday of the month 9:30-11:30 at Boulder Main Library (Eldorado Room). Sett To Weave is an open forum for anyone interested in any aspect of weaving. We discuss weaving questions, assist new weavers in expanding their skills, share current weaving projects and study specific topics as the group desires. For more information contact [sett.to.weave.contact@gmail.com](mailto:sett.to.weave.contact@gmail.com).

The following Study Groups are accepting HGB members at anytime: Crochet Group, Day Knitters, Day Spinners, Evening/Weekend Weavers, Machine Knitters, Natural Dye Study Group, Navajo Study Group, New Felters Group, Saturday Felters, Sett to Weave, Sprang Group, Tapestry Study Group and Thursday Felters. Guild Members can find more information on the [HGB website](#) (You must login as a member).

What is an HGB Study Group? Within the Handweavers Guild of Boulder, members who have a similar fiber interest can form self-determined groups. The group can decide when, where, how often to meet, and most importantly what the focus of the group will be. Some HGB Study Groups get together to practice their fiber art with others (a stitch and "talk" group). Some HGB Study Groups have one member each meeting introduce a new technique so that the group can learn new things to incorporate into their own work. Some HGB Study Groups are formed to share information with each other about exhibits, workshops, books, videos, and information about their fiber interest.

## Kudos to HGB Members exhibiting at Convergence 2022!

The Handweavers Guild of America (HGA) Convergence Conference aims to educate, support and inspire the fiber art community. In 2022, Convergence held five juried exhibits conveying the excellence in fiber arts today.

The Handweavers Guild of Boulder (HGB) offers its congratulations to two HGB members who exhibited at 2022 Convergence shows in Knoxville, TN. Kudos to Debbie Davis and Al Canner! We are lucky enough to see both Debbie and Al's work in November in the 2022 HGB Showcase at the HGB Fiber Art Show & Sale.

Debbie Davis "Violet Descending"

## Carol Strickler Scholarship Awards for this Year

The Carol Strickler Scholarship fund has money to award and we will again do two awards this year. We will be offering a fall award and a spring award. The scholarships can be used to help fund classes, workshops, conferences, specific project gathering activities or supplies, and any other activity that furthers the study of your fiber art.

In return, we ask the recipients to share their award experience with the HGB membership. Suggested ways of meeting this requirement include preparing a short "show and tell" presentation at a meeting, or a demonstration, or sharing of a technique that you learn by offering a workshop. Recipients are required to do this within one year of their project completion. Recipients will coordinate presentations through the Programs Chair.

Scholarship Applications are available on the HGB website under [Members > Scholarships/Grants](#). **Applications for the fall award must be submitted by Sunday, November 13, 2022.** The fall award will be made at the December 12th Day Meeting. Award recipients will also be notified via email. The spring scholarship applications must be submitted by Sunday, March 5th, 2023, and will be awarded at the April Day Meeting. Please consider applying! This is an awesome resource of your HGB membership!
